MANY ENTRIES IN NEW YORK SHOWS

Noted Dogs Including New Breeds Gathered From All Over the Country.

New York, Feb. 11.—More than 2,000 dogs were benched at the Madison Square garden today for the annual muster of the finest of their breed, under the auspices of the Westminster Kennel club. Some new breeds and new specimens of old breeds were shown, including old Irish wolfhounds, which have not been seen at a dog show in this city for years. Eskimo dogs, which heretofore have been shown in the miscellaneous class, will be shown in separate classes this year and will be seen hitched up.

In the bloodhound classes there are some fine dogs shown, among them being Dr. Knox's Mastiff. Among the smooth-coated St. Bernards there is a better showing than usual, and the Great Dane classes are well filled.

The presence of the Valley Farm kennels dogs, from the Russian wolfhound, has resulted in the largest entry list ever seen in New York in this breed. Five of the Irish wolfhound breed are shown and attracted much attention.

In the foxhound classes were shown the Grafton hounds and those of the Weymouth kennels and of the Middlesex Hunt club. In the pointer classes are several champions, including those of George J. Gould, George Blestein and W. T. Payne.

San Francisco sent the collies of William Ellery, including Valverde Farwell, which are expected to lead their own against eastern champions. An interesting feature of the show will be a contest Thursday night of the dogs recently added to the New York police force, which will be exhibited protecting a patrolman being attacked, attacking a suspect and snipping an escaping prisoner.

SCRAP AT ROCK SPRINGS.

O'Keefe and English Matched for Feb. 17.

J. L. McDonald, the Rock Springs promoter, writes that he has a match on for February 17, which he thinks will produce a great battle. The men are Johnny O'Keefe of Denver, Colo., and Clarence English, who has been the welterweight champion of Wyoming. Both men are on the ground and have been training for some time. O'Keefe is a younger man in the game compared with English, who gave Battling Nelson one of the hardest fights of his career several years ago.

HONORS ARE EVEN.

Los Angeles, Feb. 11.—The Jack (Twin) Sullivan vs. Jim Flynn fight tonight went the limit of ten rounds, no decision being rendered. Honors were about even. It was, on the whole, a poor exhibition. Flynn did most of the forcing, but Sullivan landed the larger percentage of the blows and punished his opponent more severely than he was himself hurt. Flynn frequently wrestled Sullivan to the ropes and bent him back over them while the fighting in the sixth, but nothing decisive. Sullivan knocked Flynn down with a close blow to the chin in the eighth, but the latter was up in an instant and half three Sullivan to the mat. Both men were fresh at the finish.

POOL TOURNEY RESULTS.

The afternoon game in the local pool tournament, between Bronson and Kennedy, was one of the best contests seen. Each player was at his best and made a number of brilliant shots. Bronson's play in the last frame, when he made a hard cut and bank shot, was almost phenomenal. He succeeded in nailing his opponent out by a score of 3 to 1. The evening game, between Browne and Cuthbertson, was won by Browne by a score of 3 to 1. Bailey plays Scheffer this afternoon and Cain meets Winters tonight.

FIRST BIKE RIDER SIGNED

Walter Ruth Secured to Ride Exclusively at Saitair This Year.

Johnny Chapman announced the first of his cards for the Saitair track for the coming racing. The bike rider in question is Walter Ruth, one of the best-known European sprinters. Chapman says he has others, but Ruth is one of the men he depends upon to draw the crowds to Saitair, and as Chapman has signed him up to ride exclusively at the new track, he figures the German will easily draw enough money in the state to pay for the extra bonus offered him to come here and ride. Ruth is now in Germany, where he went after the close of the six-day race in New York.

Ruth teamed with Stohl in the last New York six-day race and was selected as the man to fight it out at the finish with Folger. Ruth won. Last year he finished third in the six-day race, but he had the Lathrop handicap. He won the big twenty-five-mile open at Madison Square garden on the night of the opening of the six-day race, his year-defeating Lawson among the field. He will arrive in Salt Lake in time to train before the season opens.

RUSSIAN WAR PLANS.

Will Try Not to Be Caught Napping by Japs Again.

St. Petersburg, Feb. 11.—The ministry of war is preparing plans for the speedy conversion of Vladivostok into a first class fortress, involving expenditures of about \$5,000,000. Sixty engineering officers were employed on the work.

By the way, the Japanese strategy in the line of Lake Baikal and the abandonment of the intervening parts of Siberia and Manchuria until the army is strong enough to assume the offensive successfully.

FURNACE WORKERS WILL GET LESS PAY

Sharon, Pa., Feb. 11.—That the independent plants intend to follow the lead of the Republic Iron and Steel company in reducing the wages of furnace workers is evidenced by notices posted at Shendoh furnaces stating that wages have been reduced ten and fifteen cents. Laborers will receive the former cut and the turn men the latter. The company has four furnaces at Shendoh and has been cutting effective February 10. It is also said that other independent furnace operators of this district have made a similar cut. The steel corporation has not yet announced a reduction, but according to an official of that company, will adopt a similar scale.

Riggs, receivers of the Republic Savings & Loan association, Judge Carr in the supreme court, Brooklyn, today said that the result of the receivership was most lamentable.

After being in the hands of receivers for eight years the assets of the association shrunk from \$1,050,000 to \$36,000. In converting the assets to cash only \$275,000 was realized. In distributing this among the stockholders \$193,000 was paid out in counsel and receivers' fees.

DISAGREES WITH JEROME

Attorney General of New York Will Try to Indict American Ice Company Officials.

Albany, N. Y., Feb. 11.—At the request of Attorney General Jackson, Governor Hughes announced tonight that he has designated the attorney general against the American ice company and its officers. The attorney general contends that the American ice company is criminally guilty of violating the state's anti-trust laws by maintaining a monopoly in restraint of trade.

Attorney General Jackson and District Attorney Jerome, it appears, disagree as to the value of certain contracts and correspondence secured by the attorney general's office and transmitted some time ago to the district attorney for submission to the grand jury. Hence the request of the attorney general to present the matter personally.

TRoubles REACH A CLIMAX

Charles W. Morse Indicted by Federal Grand Jury as Well as by New York Body.

New York, Feb. 11.—It was learned late tonight that the federal grand jury which is investigating the affairs of certain national banks, this evening voted five indictments. Three of those indictments, it was authoritatively stated, make charges against Charles W. Morse and a former official of the National Bank of North America for over-certification and misapplication of funds. Two of those voted for, it is said, were against Charles W. Morse, one on each charge and the other against his associates.

Mr. Morse, who is due to arrive here on the steamer Eturia from Liverpool next Saturday, was indicted today by the New York county grand jury which is also inquiring into the recent financial transactions among the banks of this city.

The indictments were drawn up by Oliver E. Pagan, the special assistant attorney of the department of justice. Mr. Pagan drew up the indictments against John R. Walsh.

HITCHCOCK MUST APPEAR

Trial of the Actor Set for Feb. 24, and No Further Delay Will Be Allowed.

New York, Feb. 11.—The trial of Raymond Hitchcock, the comedian, was set today for February 24, despite the objections of his counsel and the affidavit of a representative of his theatrical manager, that Hitchcock has been booked to appear in various parts of the country up to March 6. An affidavit was presented to the court stating that the district attorney's office consented to allow Hitchcock to go on his road tour and that his detention would cause a great financial loss to the company which was to have accompanied the comedian. Assistant District Attorney Garvan declared that the consent was not intended to cover an indefinite period. Justice Dowling ruled that the financial loss to the manager was an extraordinary reason for advance for a delay in the prosecution of a criminal case, and notified Hitchcock's counsel that his client's bail of \$7,500 would be forfeited if he was not in court on February 24.

Montreal, Feb. 11.—News has reached here that nine men have been killed by an explosion in the Standard explosive works at Vaudeville, twenty-five miles from here. All the particulars available about the explosion are that the men were thawing out dynamite, and that the explosion was the result. Y., Feb. 11.—Black hand operators exploded a bomb in the front porch of the home of Vincenzo Manelli in Frankfort street last night and blew the entire side of the building into fragments. The car was demolished, but it is believed none of the injured will die. Slippery rails caused the accident.

PLAN IMPRACTICABLE.

London, Feb. 11.—The foreign office has received replies from the governments of Russia and Austria-Hungary regarding its proposals to hunt down marauding bands in Macedonia by the use of mobile columns commanded by Europeans. Both powers consider the plan proposed to be impracticable. Sir Edward Grey, the foreign secretary, is awaiting the views of other governments before deciding what course to adopt.

FLORIDA PRIMARIES.

Jacksonville, Fla., Feb. 11.—The Democratic state executive committee today fixed May 10 as the date for primary elections to nominate a United States senator, congressmen in each of the three districts and state and county officers.

FIENDISH USE OF DYNAMITE

Diabolical Attempt to Kill Every American at the Santa Rosa Mine, Sonora, Old Mexico.

Tucson, Ariz., Feb. 11.—An attempt to kill every American at the Santa Rosa mine, in Sonora, twenty miles south of Douglas, was made on Saturday last, when Mexican employees placed sticks of dynamite under a boarding house, the company store and the foreman's and superintendent's residences. The fuses attached to the dynamite were timed for the explosion to follow each other in quick succession. The house, selected by the Mexican miners were in the boarding house and the foreman and the superintendent in their respective residences.

Boarding House Blown Up.

The first explosion was at the boarding house. It was demolished. Fifteen men eating were blown through the roof, sustaining broken legs and arms, but there were no fatalities. The store was completely demolished. Tom Fagin, the foreman, and his wife were in their home, but he was killed by the explosion. The superintendent's office was demolished, but he was out of the building and escaped. Governor Torres has been notified and rurales under command of Kertsky are en route to the scene. Eighteen Mexicans are under arrest at the mine.

Work of Revolutionists.

The attempt to destroy the Americans is believed to be the work of sympathizers with the revolutionists at present under arrest at Los Angeles, who believe the prisoners are being persecuted by Americans. There had been no trouble at the mine previously and no other cause is conceivable.

FINALLY ALLOWED TO TALK

Professor Paul Milukoff Finished His Speech in Duma Without Interruption.

St. Petersburg, Feb. 11.—The demonstrations against Professor Paul Milukoff, the leader of constitutional democracy, were not resumed in the duma today. A careful perusal of the professor's remarks in New York brought his opponents to a more tolerant frame of mind and today he was permitted to finish his remarks with no sign of disapprobation except the reading of a newspaper by members of the extreme right, while he was speaking.

M. Milukoff made only passing reference to the trip to the United States. He announced the decision of the constitutional democrats and other opposition parties to abstain from voting on M. Guckoff's motion for a closed session of the duma on national defense, saying this proposal was equivalent to a vote of lack of confidence, and he resented this intimation of a lack of patriotism.

Kansas City Judge on Trail of Managers of Theatres.

Kansas City, Feb. 11.—Because they refused to give bond in answer to indictments for requiring or permitting others to work on Sunday, Judge Wallace, in the criminal court here today, ordered the following theatrical managers sent to jail: O. D. Woodward of the Auditorium, E. S. Brigham of the Gillis, J. B. Donagan of the Century and Martin Lehman of the Orpheum. The chief deputy marshals permitted the managers to leave the court room. When the marshal, Heslip, heard of this he conferred with Judge Wallace and immediately deputies were sent out to arrest and bring in the managers, who, it is stated, will be sent to jail unless they furnish satisfactory bonds. Later, before the offenders could be brought in, Judge McCune, in the circuit court, issued writs of habeas corpus, and the managers were released. The four managers have been indicted seventy-one times and their bonds aggregate \$14,200 each.
